

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-645

17 September 1979

STATINTL

NOTE FOR: [REDACTED]
S/A DCI

STATINTL

FROM: [REDACTED]
Chief, Community Security Group

Paul:

Here's a copy of the revised, and now unclassified, proposed Top Secret Classification criteria for CIA applicability. They were developed by CRD/ISS in consultation with us and other concerned Agency components (e.g., DO/IMS, ISS/RMD). We are sending them to Security Committee members for their views as to their suitability for issuance as a DCI policy statement (with appropriate editorial changes for Community applicability). One of the objects would be to support the DCI's responsibility under section 1-601(h) of E.O. 12036 to "conduct a program to protect against overclassification of foreign intelligence information."
